### Covid-19 protocol for public events at Holy Cross Monastery

To all of our visitors, Associates, and friends:

We are restarting large(r) public events at the Monastery this fall (such as choral Vespers with Kairos - a consort of singers). Such events are likely to attract a number of visitors that does not enable physical distancing.

We are taking all the precautions recommended by the New York State Department of Health and Centers for Disease Control in order to keep you safe and to limit the spread of Covid-19.

To that end, we are requiring that all public event visitors be fully vaccinated against Covid-19.

In addition, all public events visitors are required to wear a mask over mouth and nose for the whole duration of their visit.

We understand that some of our visitors may not be able or willing to receive a vaccine at this time. We deeply regret that we will not be able to welcome you unless or until you are fully vaccinated. We look forward to the day when we will not have to require vaccination to attend a public event at the Monastery. For the time being, vaccination appears to be the only safeguard against the spread of this deadly pandemic.

If you have any questions, please don't hesitate to be in touch.

Br. Robert Magliula, OHC
