Leadership  
from the  
Inner  
Place

“We live in an era of intense conflict  
and massive institutional failures,  
a time of painful endings  
and of hopeful beginnings.  
It is a time that feels as if  
something is shifting and dying  
while something else wants to be born.”

*– Vaclav Havel, former President of the Czech Republic*

The success of an intervention depends on the **inner condition** of the intervener.

# Emerging Questions

As you listened to Bill Stone's experience, what did you

- see?
- hear?
- feel?
- sense?

# Emerging Questions

As you consider the context God has placed you in as leader.....

- What resonates?
- Any parallels between the cave and your context?
- What is an issue you are “spelunking” these days?

A blue-toned, high-contrast image of a person's face, possibly a woman, with the word "BLINDSPOT" overlaid in large, bold, black letters. The image has a grainy, textured appearance, suggesting it might be a scan of a film or a low-resolution digital image. The lighting is dramatic, with deep shadows and bright highlights, emphasizing the contours of the face. The text is centered horizontally and vertically, dominating the middle of the frame.

**BLINDSPOT**

The success of an intervention depends on the **inner condition** of the intervener.

Shifting from **reactive responses** and **quick fixes** on a **symptoms level**, to **generative responses** that address the **systemic root issues**, is the single most important leadership challenge of our time.

Who is my Self? What is my Work?

Let a new earth rise. Let another world  
be born. Let a bloody peace be written  
in the sky. Let a second generation full  
of courage issue forth; let a people  
loving freedom come to growth.
