

# Reopening Ladue Chapel for In-Person Worship

At its last meeting, the session of Ladue Chapel Presbyterian Church, on the recommendation of its Health Task Group, passed a motion “To reopen Ladue Chapel for worship beginning on the first Sunday of Advent according to St. Louis County guidelines.”

The staff is currently working on protocols and guidelines to re-envision in person worship which is as safe as we can possibly make it considering the circumstances and vagaries of the coronavirus. We will keep our congregation informed about our progress as Advent draws nearer.

We will be continuing on-line worship and we are committed to continuing to provide an excellent experience for those who will be worshipping virtually.

We are excited about the possibility to come together again in worship in our sanctuary as the body of Christ.  
We hope you are, too.
