Call to Ministry of Disaster Preparedness

Presbyterian Women in collaboration with Presbyterian Disaster Assistance equip congregations, presbyteries, families and communities to be prepared for disaster; natural, human-caused or industrial-technical.

Presbyterian Disaster Assistance provides instruction and resources for women who have the time and interest for the ministry of disaster preparedness. Presbyterian Women provide the connectedness, leadership and passion for the mission of disaster preparedness.

PDA and PW share a commitment to building an inclusive caring community that witnesses to the promise of God's kingdom. We support the mission of the church by serving those most in need. We work to strengthen and empower the resiliency of our friends, families, neighbors and community.

THE PW CHALLENGES:

- Submit an application and references and partake in an 8-hour disaster preparedness training.
- Commit to organize and provide a minimum of three disaster preparedness trainings a year.
- Learn what resources and partnerships are available to be prepared for a disaster.
- Educate friends and neighbors, men and women, on the need to be prepared.
- Work to overcome reluctance to believe that a disaster could happen.

THE PDA COMMITMENT:

- Train two to six Presbyterian Women within each presbytery
- Provide the tools and resources for Presbyterian Women to train disaster preparedness
- Support the trainers by providing connections, contacts and promoting the program
- Financing the initial Presbyterian
 Women mid-council training and providing instructors
