Session Annual Reports:

There's a few weeks left in the 2019 statistical season. Please complete your individual church reports so that our presbytery has accurate information for per capita assessments and representation in higher councils of the church. As of the date (January 28, 2020) I prepared this report, twenty churches had submitted information. Thank you to those clerks and congregations for attending to this task. If you have questions or need assistance, the presbytery staff will help you. Please just ask.
