

## THOUGHTS ON “LIFE TOGETHER”

To say that life “is different” now than it was five months ago is an understatement, indeed! It was my intent, as Moderator of the presbytery for 2020, to look at ways we can further share in the topic of “Life Together.” However, I had not figured I would be “viewing” it in this fashion! Given the pandemic that has gripped the world, including our own nation, I would like for us to consider this topic in light of all that has occurred and changed in our daily lives.

- 1.) Over the years you have been in your congregation-before Covid 19- how would you describe “Life Together” with your church family? How has that changed since Covid 19 became part of our everyday lives? What has been the most challenging aspect of this situation? (For true Introverts and Extroverts, these responses may differ greatly!)
  
- 2.) We don’t know when or IF we will ever return to what we knew as “normal”. For some people, the idea of almost everyone in your church family being able to get a Sunday worship service on-line has been very satisfying. They experience “life together” in a different way! What do you see the words of “Life Together” meaning when your church is, hopefully, finally able to meet again as a congregation? How might this affect your life with your church family?
